PROJECT

ShramSetu | HTML, JavaScript, Tailwind CSS, Node.js, Express.js, MongoDB Nov 2025

- Engineered a full-stack MERN web platform connecting **over 1,000+ users** with **skilled laborers** for **on-demand services**, implementing **smart matching algorithms**, **real-time updates**, and a **fair/dynamic bidding system** to improve **task allocation efficiency** by **30%** and connect users with nearby workers seamlessly.
- Built **responsive, mobile-first UI/UX**, implemented **secure authentication and authorization (JWT)**, **optimized backend APIs**, and designed a **scalable database architecture**, supporting **over 500 concurrent users** and ensuring **high performance, reliability, and seamless user experience**.

VantageAI | React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Python (ML/NLP) Aug 2025

- Developing an event-driven system to **analyze portfolio stress** and generate **market impact insights**, aiming to process **real-time news** from **100+ sources** and perform **portfolio stress testing** on **500+ assets**, projected to help investors make decisions that could **improve portfolio efficiency** by up to **15–20%**.
- Building **responsive and intuitive UI/UX**, optimizing backend services, and designing the system for **high performance and scalability**, enabling real-time analysis and actionable insights with **minimal latency**.

EDUCATION

- Pranveer Singh Institute of Technology, Kanpur** 2023-Till Date
Bachelor of Technology in Computer Science Engineering CGPA: 7.58
- Red Rose Public School, Lucknow** 2022
Senior Secondary, Central Board of Secondary Education Percentage: 82
- Red Rose Public School, Lucknow** 2020
Secondary School Examination, Central Board of Secondary Education Percentage: 94

SKILLS

- Languages:** C, C++, SQL, JavaScript(ES6+), TypeScript, HTML5, CSS
- Framework & Libraries:** React, Node.js, Next.js, Tailwind CSS, Express.js, ShadCN/UI, Zustand
- Database:** MySQL, MongoDB, PostgreSQL
- Core:** Data Structures & Algorithms (DSA), Object Oriented Programing (OOPS), Operating System
- Authentication & Security:** JWT, Passport.js, NextAuth.js, BCrypt
- Tools:** Git, GitHub, Postman, WebSockets, Canva, Figma

ACHIEVEMENTS

- Solved **400+ DSA problems** across platforms like [LeetCode](#), [CodeChef](#), and [HackerRank](#), demonstrating strong proficiency in data structures, **algorithm design**, **problem-solving**, and **time-space optimization**.
- Max [LeetCode](#) Rating: 1480 & Max [CodeChef](#) Rating: 1205 – proven proficiency in **data structures**, **algorithmic efficiency**, and **competitive programming**, consistently delivering optimized solutions under time constraints.
- Byte-Battle** - Achieved a **finalist position** among **50+ competing teams**, showcasing excellence in rapid prototyping, collaborative development, **critical thinking**, and **innovative solution design**.
